- Handicaps won't be posted until the team has recorded 3 weeks of scores

Scoring:

- Each match has a total of ten points. One point per each hole (9 Holes) and one point for the team who wins the match. Team wins the match by having the most holes won. If both teams are tied, then each team is awarded half a point. The **10th** point will be awarded by the lowest **unhandicapped** score.
- Teams are awarded points per hole. One full point to the team that wins the hole, half point to each team if the hole is tied.

Ex. (Team 1 birdies hole 1 & Team 2 pars hole 1, Team 1 would be awarded one point for the hole and team 2 does not receive a point for that hole.)

Ex. If team 1 & team 2 both par hole 1 then each team is awarded half a point each for the hole.
